## Do It With Diagraph Inks

When you're ready to make a bold statement, do it with Diagraph inks. From world-class stenciling inks to roll-coder and ink-jet system inks that set the standard for the industry, we have the ink colors and types to match your specific applications, systems, cartridges and specifications. Plus, our inks are designed to meet the most demanding industry standards. Depend on this complete selection of high-quality inks to help give you every possible advantage when you want to make a big impression in a noticeable way.

# Stenciling Ink Guide

stencil ink	pigmented	dye	for use with	porous	non-porous	special properties
Multi-Purpose Ink	•		HV and Ro-It-On® with Type N roller	•	•	Meets most VOC requirements fast dry for porous/non-porous
GS Series Ink	•		HV and Ro-It-On® with Type N roller	•	•	Dries instantly on most surfaces. UV resistant.
R Series Ink		•	HV and Ro-It-On® with Type N roller	•		Dries instantly on most surfaces to a permanent matte finish; oil, water, and fade resistant when dry.
SK-1 Ink	•		Model M Brush	•		Lightfast. Resistant to oil, water and some solvents after drying. Requires some agitation.
Insta-Dry Ink		•	Model M Brush	•	•	Dries instantly on most surfaces to a permanent matte finish; oil, water, and fade resistant when dry.
Conditioner	N/A	N/A	All stencil rollers and ink pads	N/A	N/A	Prevents roller and pad dry-out. Helps maintain proper ink consistency.

	substrate								surface condition						Dry Time (Sec)	Temp. Rating
	Metal	Wood	Plastic	Glass	Concrete	Paper	Cardboard	Rubber	Cold Surface	Oily Surface	Rusty Surface	High Visibility	Wet	Dry

GS-1 Black	•	•			•	•	•		•		•	•		•	120	500F
R-1 Black		•				•	•		•					•	5	600F
Insta-Dry Black		•				•	•		•					•	5	300F
SK-1 Black		•				•	•		•					•	60	600F
R-22 Red		•				•	•		•					•	5	600F
Insta-Dry Red	•	•				•	•		•	•				•	30	300F

## Multi-Purpose

These all-around performers offer good adhesion and excellent results on both light and dark surfaces. For use with Rol-It-On<sup>®</sup> and HV applicators, these inks dry fast on porous and non-porous surfaces. With no hazardous air pollutants, they are CONEG/RoHS compliant, SARA compliant, contain low VOCs and feature No Prop 65 reportable chemicals.

## GS Series Ink

Make a strong impression with this ink specifically designed for use with HV and Rol-It-On<sup>®</sup> with Type N roller.
